## Summary

I am an aspiring Full Stack Developer specializing in the MERN stack. I am actively learning and building skills to develop scalable, secure, and user-friendly web applications. My journey includes working with React for frontend development, Node.js and Express.js for backend APIs, and MongoDB for database management.

---

## Technical Skills

- **Programming Languages:** React, Node.js, Express.js, MongoDB
  - **Web Technologies:** HTML, CSS, Deployment (Netlify / Render)
  - **Tools and Concepts:** Git, GitHub, JWT Authentication
  - **Core Competencies:** Problem Solving, Team Collaboration, Time Management
- 

## Experience

- Full Stack Developer (Learner / Project-Focused), July 2025 - Present
    - Building full stack web applications using MERN stack.
    - Learning and applying frontend, backend, and database integration best practices.
    - Exploring deployment, cloud hosting, and authentication mechanisms for production-ready apps.
    - Working on To-do App, Blog Platform, E-commerce Application, and Real-Time Chat App.
- 

## Projects

- To-do App
    - Built using React, Node.js, and MongoDB.
    - Implemented authentication and authorization.
    - Deployed on Netlify.
  - Blog Platform
    - Developed using Express.js and MongoDB.
    - Implemented user registration and login.
    - Deployed on Render.
  - E-commerce Application
    - Built using React, Node.js, and MongoDB.
    - Implemented payment gateway integration.
    - Deployed on Netlify.
-

## Education

Rani Channamma University, Belagavi, 2023 - 2026

---

## Certifications

- Certificate of Participation – Masterclass on Roadmap to Becoming a Full Stack Developer
  - Vibe Coding 101 with Replit
  - From Idea to Interface: A UI/UX Guide to Lovable AI Tools – Masterclass (PW Skills)
  - Deloitte Australia - Technology Job Simulation
  - Web Designing Basics
- 

## Additional Information

I am passionate about solving real-world problems with code and continuously improving my skills to become a hire-ready Full Stack Developer.
